آپ کی اسکرین

**? One screen per patient: what they said, and the note it becomes**

ایک مریض، ایک اسکرین: گفتگو اور اس سے بنا نوٹ

**1 Open [app.nexushealth.org.uk/pk](http://app.nexushealth.org.uk/pk)**

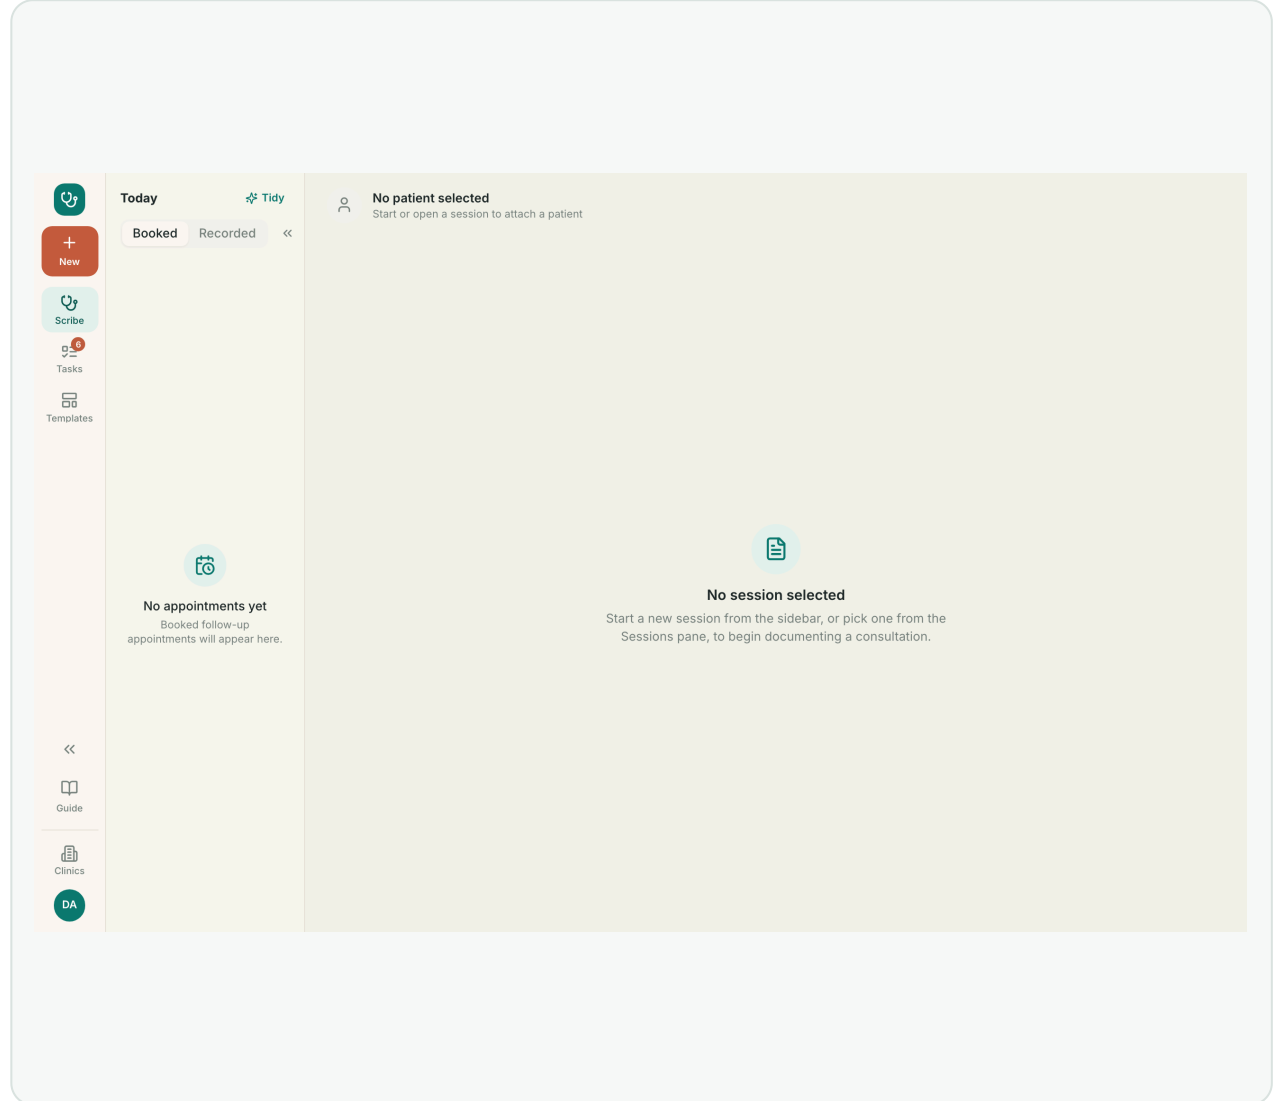

اس پتے پر جائیں

**2 Booked patients appear on the left**

بک شدہ مریض بائیں طرف

**3 Press New for a patient who was not booked**

بغیر بکنگ والے مریض کے لیے New دبائیں

# Two ways to capture the visit

2 / 12

وزٹ محفوظ کرنے کے دو طریقے

**1** Mic records the conversation — Urdu is understood. Type lets you write it instead

Mic گفتگو ریکارڈ کرتا ہے — اردو سمجھی جاتی ہے۔ Type میں خود لکھ سکتے ہیں

**2** Audio is never stored — only the words are kept

آواز محفوظ نہیں ہوتی — صرف الفاظ رکھے جاتے ہیں

**3** Tell the patient they are being recorded, every time

ہر بار مریض کو بتائیں کہ ریکارڈنگ ہو رہی ہے

**3** Press Save transcript when you are done

مکمل ہونے پر Save transcript دبائیں

# Label who was speaking AI

3 / 12

بولنے والے کی شناخت

? AI marks which lines are yours and which are the patient's

AI بتاتا ہے کون سی بات آپ کی ہے اور کون سی مریض کی

1 Press Auto-label speakers

Auto-label speakers دبائیں

2 Read it — correct any line it got wrong before saving

پڑھ لیں — غلط لائن درست کریں

The screenshot displays the Nexus Health Practitioner interface. The top navigation bar includes a 'Today' tab, a 'Tidy' button, and a search bar. The main content area is divided into three sections: 'Booked', 'Recorded', and 'Transcript'. The 'Transcript' section shows a conversation between a doctor and a patient, with the doctor's lines highlighted in green and the patient's lines in blue. The 'Booked' section shows a list of appointments, and the 'Recorded' section shows a list of recorded consultations. The 'Transcript' section also includes a 'Context' tab and a 'SOAP Note' tab. The 'Context' tab shows a patient's medical history, and the 'SOAP Note' tab shows a SOAP note for the patient. The 'Transcript' section also includes a 'Generated tasks' section and a 'Book follow-up' section.

# The note writes itself AI

4 / 12

نوٹ خود بن جاتا ہے

1 ? AI turns the conversation into a clinical note — in the language you chose

AI گفتگو کو آپ کی منتخب کردہ زبان میں نوٹ بنا دیتا ہے

2 1 It only uses what was said. It does not invent findings

یہ صرف کہی ہوئی بات استعمال کرتا ہے

2 READ IT BEFORE YOU ACCEPT IT. The note is yours

قبول کرنے سے پہلے پڑھیں۔ نوٹ آپ کا ہے

3 Press Edit to change it, or Regenerate to try again

تبدیلی کے لیے Edit، دوبارہ کے لیے Regenerate

The screenshot displays the Nexus Health AI interface. On the left, a sidebar contains navigation icons for 'New', 'Scribe', 'Tasks', and 'Templates'. The main area is divided into three sections: 'Today' (with 'Booked' and 'Recorded' tabs), 'Live transcript', and 'SOAP Note'. The 'Live transcript' section shows a conversation in Urdu between a patient and a doctor. The 'SOAP Note' section displays the generated clinical note, including 'Subjective', 'HPI', 'Objective', and 'Assessment' sections. On the right, there are 'Actions' and 'Generated tasks' panels. The 'Generated tasks' panel lists tasks such as 'Order intraoral radiograph of lower right first molar' and 'Advise patient to avoid cold drinks on affected side'. The 'Actions' panel includes a 'Book follow-up' section with options for 1 wk, 2 wks, 4 wks, 6 wks, 3 mo, and 6 mo. A 'Book for 5 Sept' button is also visible.

# Nothing is lost when you regenerate

5 / 12

دوبارہ بنانے پر کچھ ضائع نہیں ہوتا

**?** For going back to an earlier version of the note

نوٹ کے پرانے نسخے پر واپس جانے کے لیے

**1** Press History to see every version

History دبائیں تاکہ تمام نسخے دیکھیں

**2** Generated tells you when the note was written

Generated بتاتا ہے نوٹ کب بنا

The screenshot displays the Nexus Health app interface for a practitioner. The top navigation bar includes a search bar and a language selector set to Urdu. The left sidebar contains navigation icons for 'New', 'Scribe', 'Tasks', and 'Templates'. The main content area is divided into two panels. The left panel shows a 'Live transcript' of a consultation with a patient named Ayesha Khan, detailing symptoms like tooth pain and a recent dental procedure. The right panel displays a 'SOAP Note' with sections for Subjective, HPI, Objective, and Assessment. The 'Generated' section at the bottom of the SOAP Note indicates the note was written on Sat 5 Sept at 9:00 am. The right sidebar contains 'Generated tasks' and 'Book follow-up' options.

# Jobs pulled out of the visit AI

6 / 12

وزٹ سے نکالے گئے کام

**?** AI pulls the things to do out of the note so nothing is forgotten

AI نوٹ سے کام نکال دیتا ہے تاکہ کچھ نہ بھولے

**1** Tick them off as you do them

کام کرتے جائیں اور نشان لگائیں

**2** Add anything it missed with Add task

چھوٹ جائے تو Add task سے شامل کریں

The screenshot displays the Nexus Health AI interface for a patient named Ayesha Khan. The interface is divided into several sections:

- Left Sidebar:** Contains navigation icons for 'New', 'Scribe', 'Tasks', and 'Templates'. At the bottom, there are icons for 'Guide', 'Clinics', and 'DA'.
- Top Bar:** Shows the patient's name 'Ayesha Khan' and a search bar 'Ask Nexus a clinical question...'. There are also icons for 'Regenerate', 'Edit', and 'History'.
- Main Content Area:**
  - Live transcript:** A list of tasks generated by AI, such as 'صبح بخیر عائد شد، تشریف رکھیں۔ آج کیا تکلیف ہے؟', 'پانچ دن سے نیچے دائیں طرف کی آخری دازھ میں درد ہے۔ ٹھنڈا پانی پیوں تو زیادہ ہو جاتا ہے۔', 'رات کو نیند خراب ہوتی ہے؟', 'رات کو نہیں، لیکن ٹھنڈا پانی کے بعد ایک دو منٹ ٹیس رہتی ہے۔', 'مسوڑھے میں سوجن یا منہ کا ڈانٹہ خراب؟', 'برش کرتے وقت وہاں مسوڑھا ٹھوڑا دکھتا ہے۔ ڈانٹہ ٹھیک ہے۔', 'درد کے لیے کچھ لے رہی ہیں؟', 'صرف پینائلول، دو گولیاں، دن میں دو بار۔', 'کوئی اور بیماری یا ڈاکٹر کی دی ہوئی دوا؟', 'نہیں، کچھ باقاعدہ نہیں۔', 'Feeding every open tab'.
  - SOAP Note:** A structured note with sections for 'Subjective', 'HPI', 'Objective', and 'Assessment'. The 'Subjective' section includes a history of present illness and a physical exam. The 'HPI' section lists symptoms like pain, swelling, and difficulty eating. The 'Objective' section includes a clinical examination. The 'Assessment' section includes a diagnosis and treatment plan.
- Right Sidebar:**
  - Generated tasks:** A list of tasks generated by AI, such as 'Order intraoral radiograph of lower right first molar', 'Advise patient to avoid cold drinks on affected side', 'Clean cavity and place sedative dressing after radiograph', 'Book 2-week follow-up appointment to assess symptom relief', 'Continue Panadol 2 tablets twice daily for pain management', 'Plan root canal treatment in 2-3 sessions if nerve involvement confirmed on radiograph', 'Provide fee estimate via reception before treatment commencement'.
  - Book follow-up:** A section for booking follow-up appointments, with options for 1 wk, 2 wks, 4 wks, 6 wks, 3 mo, and 6 mo. A 'Book for 5 Sept' button is visible.

# The follow-up it suggests AI

7 / 12

تجویز کردہ فالو اپ

1 ? AI proposes when to see the patient again, and says why

AI بتاتا ہے مریض کو دوبارہ کب بلانا ہے، اور کیوں

1 The highlighted gap is its suggestion — pick another if you prefer

نمایاں وقت اس کی تجویز ہے — آپ کوئی اور چن سکتے ہیں

2 Nothing is booked until you press Book

جب تک Book نہ دبائیں، بکنگ نہیں ہوتی

The screenshot displays the Nexus Health interface for a patient named Ayesha Khan. The interface is divided into several sections:

- Left Sidebar:** Contains navigation icons for 'New', 'Scribe', 'Tasks', and 'Templates'.
- Top Bar:** Shows the patient's name 'Ayesha Khan' and a search bar 'Ask Nexus a clinical question...'. It also includes a language selector set to 'Urdu'.
- Main Content Area:**
  - Live transcript:** A section for recording or typing a transcript, with a 'Resume' button.
  - SOAP Note:** A section for entering patient information, including 'Subjective', 'HPI', 'Objective', and 'Assessment'.
  - Generated tasks:** A list of tasks generated by the AI, such as 'Order intraoral radiograph of lower right first molar' and 'Advise patient to avoid cold drinks on affected side'.
  - Book follow-up:** A section for scheduling follow-up appointments, with options for 1 wk, 2 wks, 4 wks, 6 wks, 3 mo, and 6 mo.
- Bottom Bar:** Includes a 'Book for 5 Sept' button and a 'Booked' status indicator.

# Ask Nexus — what it is for AI

8 / 12

Ask Nexus کیا ہے

**?** A clinical question box: guidelines, doses, options

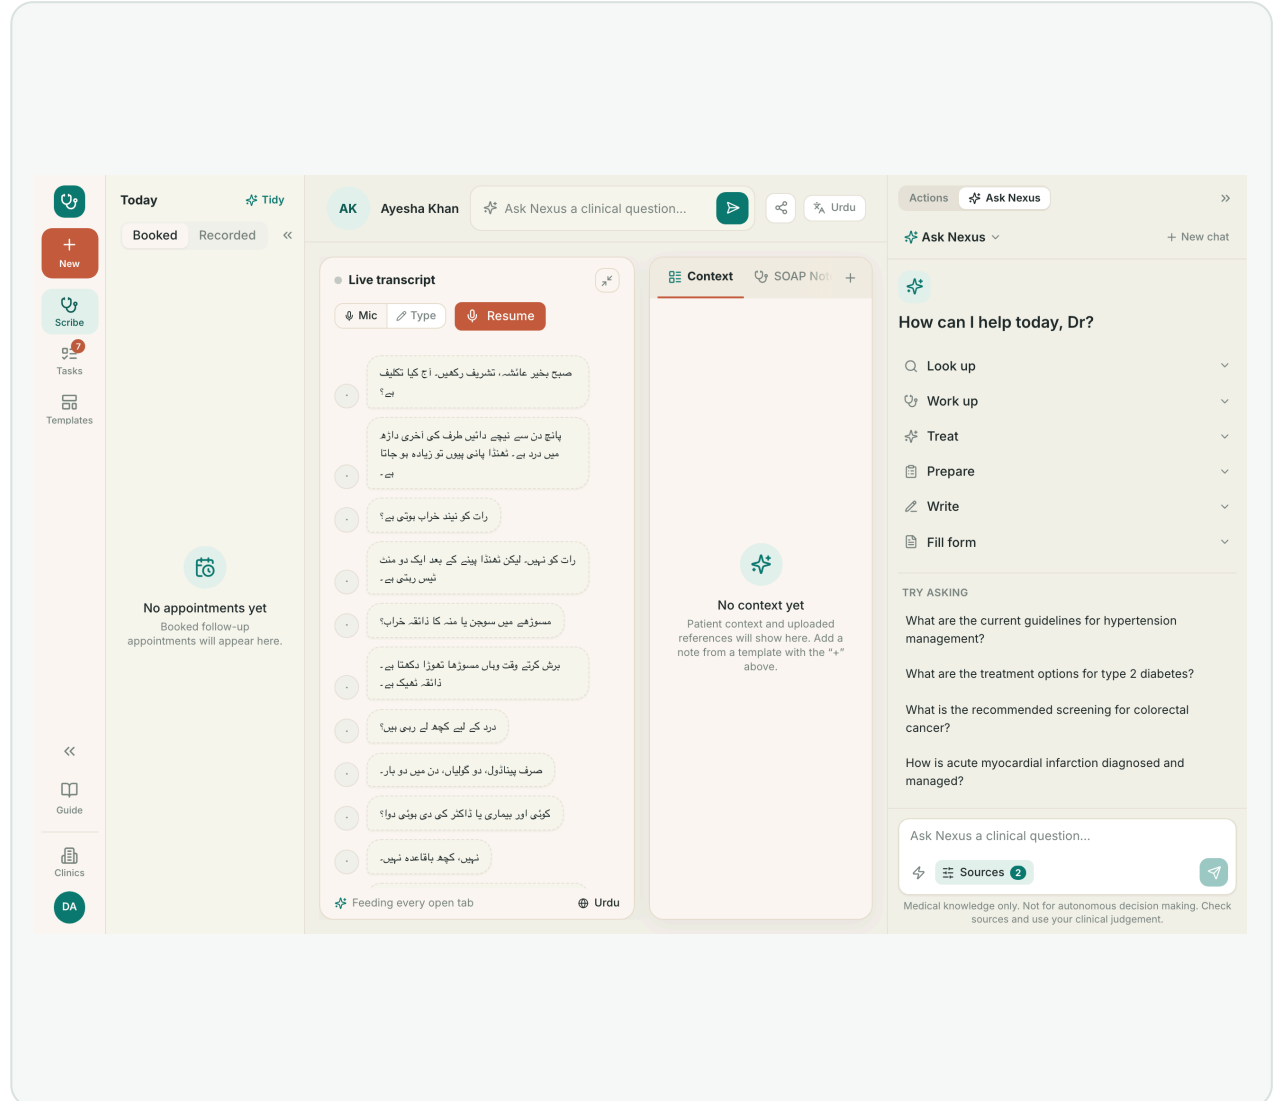

کلینیکل سوالات کے لیے: گائیڈ لائن، خوراک، آپشنز

**1** It knows medicine. It does NOT know this patient unless you tell it

یہ طب جانتا ہے، مریض کو نہیں

**2** Use the shortcuts — Look up, Work up, Treat — or just type

شارٹ کٹ استعمال کریں یا سیدھا سوال لکھیں

## Ask Nexus کا جواب

? Answers come with sources you can check

جواب کے ساتھ حوالہ جات ہوتے ہیں

1 It is decision SUPPORT. The decision stays yours

یہ صرف مدد ہے۔ فیصلہ آپ کا ہے

2 Never paste an answer into a note without reading it

بغیر پڑھے جواب نوٹ میں نہ ڈالیں

The screenshot displays the Ask Nexus app interface. On the left, a sidebar contains navigation icons for 'New', 'Scribe', 'Tasks', and 'Templates'. The main area is divided into three sections: 'Today' (with 'Booked' and 'Recorded' tabs), 'Live transcript' (showing a conversation in Urdu), and 'Context' (with a 'SOAP Note' tab). The 'Live transcript' section shows a conversation between a doctor and a patient. The 'Context' section shows a list of search results related to the transcript. The right sidebar contains a list of search results, including 'First-line management of irreversible pulpitis', 'Pulpotomy for treating primary teeth with irreversible pulpitis', 'Pain management during endodontic treatment', 'Overview', 'Expert consensus on pulpotomy in the management of irreversible pulpitis', 'AAE Position Statement on Vital Pulp Therapy', '[PDF] AAE Position Statement on Vital Pulp Therapy', '[PDF] Treatment of pulpal and apical disease', and 'Full Pulpotomy Versus Root Canal Treatment for Irreversible Pulpitis'. At the bottom, there is a search bar and a 'Sources' button.

# Working language AI

10 / 12

کام کی زبان

**? Sets the language you speak in, and the language the note is written in**

یہ طے کرتا ہے کہ آپ کس زبان میں بات کرتے ہیں اور نوٹ کس زبان میں لکھا جائے

**1 Consult in Urdu and keep the note in Urdu — the screens here show exactly that**

اردو میں گفتگو کریں اور نوٹ بھی اردو میں رکھیں — یہاں یہی دکھایا گیا ہے

**2 Or speak Urdu and keep the note in English. The two are set separately**

یا اردو میں بات کریں اور نوٹ انگریزی میں رکھیں۔ دونوں الگ الگ مقرر ہوتے ہیں

**3 The list of jobs and the follow-up reason stay in English for now**

کاموں کی فہرست اور فالو اپ کی وجہ فی الحال انگریزی میں رہتی ہے

The screenshot shows the Nexus Health app interface. The top bar includes the user's name 'AK Ayesha Khan' and a search bar. The left sidebar has navigation icons for 'New', 'Scribe', 'Tasks', and 'Templates'. The main area is titled 'Today' and shows a 'Live transcript' of a consultation in Urdu. A 'Language settings' modal is open, showing 'Urdu' selected for both 'Input language' and 'Output language'. The right sidebar shows 'Generated tasks' and 'Book follow-up' options. The bottom of the screen shows a 'No context yet' message and a 'Book for 5 Sept' button.

# Templates

ٹیمپلیٹس

11 / 12

? A template decides the shape of the note — headings and order

ٹیمپلیٹ نوٹ کی ترتیب طے کرتا ہے

1 Templates for your specialty are already loaded

آپ کی مہارت کے ٹیمپلیٹس پہلے سے موجود ہیں

2 Make your own under Mine — nobody else sees it

اپنا ٹیمپلیٹ Mine میں بنائیں — کوئی اور نہیں دیکھتا

# Your task list

12 / 12

آپ کے کام

**? Everything still to do, across all your patients**

تمام مریضوں کے باقی کام ایک جگہ

**1 The number beside Tasks is what is outstanding**

Tasks کے ساتھ نمبر باقی کام دکھاتا ہے

**2 Mark done, or archive what no longer matters**

مکمل کریں یا غیر ضروری کو آرکائیو کریں

The screenshot displays the 'Tasks' section of the Nexus Health app. On the left is a sidebar with icons for 'Scribe', 'Tasks' (highlighted with a red badge showing '9'), and 'Templates'. The main area is titled 'Tasks' and includes a search bar, filter buttons for 'Status' (To Do), 'Category' (All), and 'Date' (All), along with a 'Reset filters' button and a '+ New task' button. A table lists tasks for 'Ayesha Khan' with columns for 'Task title', 'Patient', 'Category', and 'Created'. The tasks are: 'Order intraoral radiograph of lower right first molar' (Order), 'Advise patient to avoid cold drinks on affected side' (Communicate), 'Clean cavity and place sedative dressing after radiograph' (Action), 'Book 2-week follow-up appointment to assess symptom relief' (Coordinate), 'Continue Panadol 2 tablets twice daily for pain management' (Action), 'Plan root canal treatment in 2-3 sessions if nerve involvement confirmed o...' (Action), and 'Provide fee estimate via reception before treatment commencement' (Coordinate). All tasks are marked as 'Today' and have a three-dot menu icon. A note at the bottom states 'Stale tasks will be archived in 30 days'.

| Task title                                                                                             | Patient       | Category    | Created |
|--------------------------------------------------------------------------------------------------------|---------------|-------------|---------|
| <input type="checkbox"/> Order intraoral radiograph of lower right first molar                         | Ayesha Khan → | Order       | Today   |
| <input type="checkbox"/> Advise patient to avoid cold drinks on affected side                          | Ayesha Khan → | Communicate | Today   |
| <input type="checkbox"/> Clean cavity and place sedative dressing after radiograph                     | Ayesha Khan → | Action      | Today   |
| <input type="checkbox"/> Book 2-week follow-up appointment to assess symptom relief                    | Ayesha Khan → | Coordinate  | Today   |
| <input type="checkbox"/> Continue Panadol 2 tablets twice daily for pain management                    | Ayesha Khan → | Action      | Today   |
| <input type="checkbox"/> Plan root canal treatment in 2-3 sessions if nerve involvement confirmed o... | Ayesha Khan → | Action      | Today   |
| <input type="checkbox"/> Provide fee estimate via reception before treatment commencement              | Ayesha Khan → | Coordinate  | Today   |
